MERCHANT MARINE CIRCULAR MMC-355

To: Ship-owners/operators, Legal Representatives of Panamanian Flagged Vessels, Panamanian Merchant Marine Consulates, Recognized Organizations (ROs) and Port State Control Administrations.

Subject: Use of Electronic Certificates onboard.

Reference: Resolution No. 106-57-DGMM dated March 25th., 2020.
Merchant Marine Circular MMC-193 - Optional and Voluntary System for Electronic Books on board of Panamanian Flagged Vessels.
FAL.5/Circ.39/Rev.2 - Guidelines for the use of electronic certificates, of April 20, 2016. **(Only as Recommendation)**

1. Purpose

1.1. This Merchant Marine Supersedes **MMC-347**.

1.2. The purpose of this Merchant Marine Circular is to inform that the Republic of Panama has welcomed the use of the Guidelines for the use of electronic certificates, adopted by the International Maritime Organization by the Facilitation Committee for the use of electronic certificates through the FAL.5/Circ.39/Rev.2 of April 20, 2016, in order to facilitate the use and acceptance of electronic certificates on board.

1.3. Furthermore, to inform the stakeholder on the List of Certificates that has been already issued by this Administration as Electronic Certificates, as well as to inform the list of Recognized Organizations authorized on the issuance of Electronic Certificates a per the delegation of authority approved by the Republic of Panama.

2. Introduction

2.1. Considering that signed paper certificates issued by our Administration and Recognized Organizations authorized to act on our behalf have been the traditional means of documenting compliance with International Maritime Organization

Merchant Marine Circular

requirements, as well as ships have experienced instances of Port State Control actions because a traditional paper certificate has been issued but has not arrived on the ship, or the traditional paper certificate has been damaged or lost.

2.2. The use and acceptance of electronic statutory certificates, including printed versions of electronic certificates is an initiative well supported by the Panama Maritime Authority, in order to reduce the instances of Port State Control authorities denying the validity of these certificates, resulting in a burden to the master and crew, ship owner or operator, Port State Control authorities, Administration, and other stakeholders.

2.3. As per FAL.5/Circ.39/Rev.2 of April 20, 2016:

2.3.1. Certificate means a document issued by the Administration or its representatives that is used to show compliance with IMO requirements and used to describe operating conditions, crewing requirements, and ship equipment carriage requirements. The term "certificate" does not include publications, manuals, instructions or ships' logs used to record ongoing operations; (for the use of electronic books please see our MMC-193).

2.3.2. Electronic certificate means a certificate issued in an electronic format.

2.3.3. Electronic signature means data in electronic form which is attached to or logically associated with other electronic data to serve as a method of authentication of the issuer and contents of the electronic data.

2.3.4. Printed version of electronic certificate means a paper printout produced from the electronic certificate.

2.3.5. Unique tracking number (UTN) means a string of numbers, letters or symbols used as an identifier to distinguish an electronic certificate issued by an Administration or its representative from any other electronic certificate issued by the same Administration or its representative; and

2.3.6. Verifying means a reliable, secure and continuously available process to confirm the authenticity and validity of an electronic certificate using the unique tracking number.

2.4. The use electronic certificates should include the following features:

2.4.1. Validity and consistency with the format and content required by the relevant international convention or instrument, as applicable.

Merchant Marine Circular

- 2.4.2. Protected from edits, modifications or revisions other than those authorized by the issuer or the Administration.
- 2.4.3. A unique tracking number used for verification as defined in 2.3.5 and 2.3.6 and,
- 2.4.4. A printable and visible symbol that confirms the source of issuance.
- 2.4.5. Instructions for verifying the information contained in the certificate, including confirmation of periodic endorsements, when necessary, should be available on board the ship.

3. E-Certificates issued by the Republic of Panama
